Court of Honor

Inside this Issue

- Rocket Launch Trip
- Pancake Breakfast
- Lake Casitas Bike Trip
- Memorial Day Flag Planting
- Kayaking Trip
- PV 20-Mile Loop Hike
- Thatcher Howden Eagle Project

Rocket Launch Trip

The rocket launch trip was an absolute blast. Everybody had a really fun time as they launched their creations into the skies. A few rockets exploded due to some mistakes made by the scouts, but...nobody got hurt!

Pancake Breakfast

On a wonderful Saturday morning, our scouts worked hard to feed everybody their fill of pancakes. All of the visitors left the event with full bellies, and our scouts too. The pancake place was left spotless and clean as a whistle.

Lake Casitas Bike Trip

As our scouts rode through various environments with their bikes, they were able to witness the grandeur of God's green Earth. There was some rainy weather during the trip, but rain builds character! And in the end, everybody seemed to have a wonderful experience

Memorial Day Flag Planting

During the Memorial Day Flag Planting, our scouts learned what the true meaning of honor was. In the early morning they planted the flags of the U.S.A. on the graves of the fallen. Then, everybody got to eat a hot-dog lunch afterwards.

Kayaking Trip

On the kayaking trip our scouts enjoyed themselves as they kayaked next to the pier. The scouts were able to cool off in the cold waters in the morning. Luckily, nobody turned into a popsicle afterwards.

PV 20-Mile Loop Hike

For about half a day our scouts hiked around the various terrain of Palos Verdes. As they traversed under the hot sun, everybody stayed hydrated and had lots of fun. The various environments of Palos Verdes were absolutely beautiful and full of life.

Thatcher Howden Eagle Project

Thatcher Howden's Eagle Project was a wonderful success! Everybody worked hard at California Live Streamers to build a small roof over a piece of railroad track.
